Laminex® DiamondGloss® surfaces make designs shine. This stunning collection of high gloss surfaces offers a perfectly polished finish that gleams with contemporary sophistication. Combined with exceptional scuff resistance, this brilliant sheen is ideal for both horizontal and vertical applications in commercial or residential interiors. In fact, it's the hottest finish in laminate, offering a wide range of inspirational decors, including bright optical solids, authentic stone and distinctive woodgrain patterns. In addition, a unique range of edging is available in matching acrylic or contrasting options to enhance surface appearance. And it's all backed by a 7 year limited warranty,* which guarantees a lustre that will last for longer. So add a touch of style to your space with Laminex DiamondGloss surfaces.

Laminex DiamondGloss surfaces are marketed and distributed by Laminex Group Pty Limited ABN 98 004 093 092, trading as Laminex. The colours and finishes of the products featured within the imagery in this brochure are as close to Laminex DiamondGloss surfaces as photographic lighting and our printing processes allow. Different camera angles, although not designed to be misleading, can sometimes distort actual size and distances. Laminex DiamondGloss surfaces are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. The inherent nature of the high gloss laminate surface and the high optical reflectiveness means that slight rippling may be evident, especially in areas of strong direct and/or concentrated light. Laminex DiamondGloss surfaces should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface. Please obtain a copy of the terms and conditions of the Laminex DiamondGloss surfaces 7 year limited warranty from laminex.com.au. This warranty is in addition to any rights that may exist under the Australian Consumer Law. Laminex®, DiamondGloss®
